ACS Application for WIRS accredited SLP

This is an ACS application for a WIRS accredited Self-Lay provider (SLP) to make a connection to the live water main or works that are normally non-contestable.

Failure to complete all relevant sections will result in your application being rejected.

We aim to respond to enquiries within 5 working days from receipt of your completed application form.

Proposed date for ACS Works

5 People

The works supervisor must understand that it is their responsibility to ensure that all persons employed on this project are adequately certified to EUSR standard and compliant with WIRS accreditation.

Name of senior competent person on site	EUSR Number	Contact Number

6 Declaration

The SLP hereby agrees to the following: Permission must be received from Wessex Water before any work is carried out on the water network.

In the event of an issue arising while you are working on the Wessex Water asset (including but not limited to contaminated water, a burst water pipe) you must inform Wessex Water immediately by calling **0345 600 4 600**.

This form specifically relates to connections to the water network and highlights typical risks associated with this task. It is your responsibility to highlight and detail any other reasonably foreseeable risks and have appropriate control measures in place. If this connection needs to be re-scheduled for any reason you will need to contact Wessex water at the earliest opportunity.
